**Subject:** Portland Air Quality

Portland has gotten some press recently on its air quality. Somebody should do something about it. At least try to clarify what all this means. For example, is Portland's toxic air pollution any worse than other major cities? It doesn't look like it is any worse than Seattle.

**Subject:** RE: PNWIS Board meeting agenda & action item list - February 26, 2016 at SeaTac Airport

This is what shows up in the Battelle Sediment conference. No financial assistance is available to support registration or other costs of attending the Conference. All presenting authors and session chairs are expected to register and pay the applicable technical-program registration fees. This policy is necessary because registration fees are the major source of funding for the Conference and a significant percentage of registrants will make presentations or chair sessions. No exceptions are made to this policy.

Wonderful. Thanks for considering my comments. I'm not at my office, but we have an image of the clock tower that would be appropriate for Spokane and was used as the 2014 logo. I'm teaching this week, but I'll e-mail it when I'm back at my office on Friday.

**Chris**, I noticed one more thing. Environmental Challenge is listed on the Links + Docs page with a link to the Students page but not on the Students page or on the menu.

All actions completed except for No. 5.

We need header images for Idaho and Inland Northwest to make those Chapter sites look unique. These need to be somewhat high quality. Who can provide those?

**Subject:** RE: PNWIS Board meeting agenda & action item list - February 26, 2016 at SeaTac Airport

Good morning Chris,

A wonderful job on getting the website updated. Please consider a couple of comments to potentially improve it further:

- 1) Home page - I'm guessing that the Alaska NSR Workshop as well as the other four events listed to the right of this are all under an events or news category, but that not evident since the "PNWIS News and Events" is on top of the Alaska NSR Workshop. It may be more clear to place the label above the section so that it stands out like the main categories emphasized with green bullets. The "PNWIS News + Events" label is a function of the theme. Let me see what I can do to move that above the content area.
- 2) The Board page – why is the contact box at the bottom of the page labeled "Leave a Reply"? Is this the general contact us with questions section or is this for something else? I'm not sure what someone is replying to. If this is a contact us, I'm thrilled to see it, but perhaps the label simply needs to be updated. Also the submit button is labeled "Post Comment" – with these be posted to a blog or submitted to someone for response. If the latter, then change title to "Submit Comment". [See also Students and Links + Docs pages] Yes, interior page formatting is not complete. I saw this comment area and I will be turning off these opportunities to contact us that way.
- 3) The Board page – aren't the officer in office July 1<sup>st</sup> through June 30<sup>th</sup>? Perhaps the title "**2015 PNWIS Board – Executive**" should be updated to "**2015/2016 PNWIS Board – Executive**". This can be handled by anyone with editor rights on the PNWIS page. But, for now, I will take care of it.
- 4) The Board page – put the annual conferences in reverse order so that the upcoming events are most obvious. Remove the space before "Steven Cory" to have it align correctly. Again, anyone with the proper credentials can make this change, but I will take care of it for now.
- 5) Links + Docs page – I appreciate the historical and reference documents, but I'd like to see the awards history separate from the annual conference planning information since the individual recognitions get diluted in the planning information. I also don't think you need to include more than the most current list of awards recipients. Jeromy Adams committee should have the updated awards history which would include the

2015 award recipients. Ok. Waiting on that official list.

6) Menu – consider changing the box color for the search string to separate it from the magnifier symbol for search. It's not obvious where to enter the search string. I'll see if I can affect that change.

Thank you for the opportunity to review the new website and for your consideration of my comments.

Sincerely,

Beth

Thanks, JD. Please be aware that some “tweaks” are still occurring, like page layouts (e.g., “The Board”). Also, I have only built one Chapter site so far, Alaska. Comments/suggestions are welcome.

Cheers,

All,

Please take a few minutes this week before the Board meeting to visit [www.pnwis.org](http://www.pnwis.org) and check out the new website design. Chris Lindsey has put a lot of effort into the redesign this past month. The new PNWIS mailing system is also operational (through [www.mailchimp.com](http://www.mailchimp.com)) – a ‘subscribe’ widget is live on the website. We look forward to constructive criticism concerning these updates at the Board meeting this Friday, or if you do not plan to attend please share your thoughts via email.

Thank you,

J.D.

Greetings all –

The upcoming PNWIS Board meeting will be held on **February 26<sup>th</sup>** from **9am to 4pm** at **SeaTac Airport Office Building Room 5A**. The meeting agenda is attached.

I've also attached the November meeting minutes for your perusal. And the action items are copied below.

If you have any summaries or documents for the meeting, please send them to me, Warren, and to [sec.pnwis@gmail.com](mailto:sec.pnwis@gmail.com).

For catering purposes, please RSVP by Tuesday, February 23<sup>rd</sup>, to Agata ([amcintyre@nwcleanair.org](mailto:amcintyre@nwcleanair.org)) if you are attending in person. I will be out of town until the day of the meeting – if you have any questions, please contact Warren ([warren.mccormick@gov.bc.ca](mailto:warren.mccormick@gov.bc.ca)) or Agata.

The phone number for those people calling in is shown on the agenda and below:
